

CHINAGLASS 2019
Hall E1 Booth 244
Sales Manager
Mr. Costantino Pecciarelli

Founded in the late 90s and set up in the province of Parma, ALL GLASS s.r.l. has been the protagonist of a deep and constant evolution over the years, consolidating its presence in the National and International market as a leading supplier of "Cold End" equipment and the most advanced technological packaging equipment for the Glass Industry.

ALL GLASS has several production units, which cover an area of approximately 15,000 square meters.

Our staff consists of approximately one hundred employees equally divided among executives, managers, technical employees and specialized production engineers.

Thanks to our extensive experience gained over the years being the most preferred supplier for small and big manufacturing companies, All Glass is today a reliable partner for the development of "Turnkey" solutions.

We are leading the market, thanks to a wide range of technical and performing solutions for the glass industry in the "Cold End" area starting from different types of LEHR unloading conveyors up to the complete package of the finished products in the warehouse, incorporating special machines and equipment for the treatment of the most different containers - standard, shaped, perfumery, pharmaceutical and tableware products - both

in "Bulk" and in "Cases".

The commitment and the ability to realize important projects has led ALL GLASS to play a pre-eminent role all over the world as a most preferred and reliable turnkey project supplier.

A customer-oriented Company, a wide and versatile production range, a flexible and dynamic internal structure combined with continuous investment in the research and development area (R & D) make ALL GLASS a unique interlocutor for his customers.

ALL GLASS's goal is the customer's satisfaction, achieved through hard and thorough work starting from the pre-sale, sale and after sales phases.

Every step of the project is carefully studied and pursued thanks to the expertise of our team and mostly to the constant cooperation with our customers. Nothing is left unexplored, since we know that the detail can make the difference to the success of a project.

The constant and continuous improvement, which is a "must"; the care in the choice of raw materials and components, the customer oriented philosophy make ALL GLASS stand out as a leader, a highly efficient and fully reliable company in the development of industrialized and integrated systems for the Glass Industry.
